

THE CAMDEN SCHOOL FOR GIRLS **SIXTH FORM**

2026/27 Year 13
Information Handbook

Sixth Form Vision & Intent

The Camden Sixth Form is committed to providing a broad, balanced and rigorous academic curriculum which will meet the needs of all the students and enable them to fulfil their intellectual potential, and to access the best post 18 provision for themselves. We endeavour to achieve excellence in the provision of teaching and learning and to facilitate high-quality progression.

We aim to educate our students holistically and we are committed to providing the opportunities and support for students to develop skills which will enable them to take responsibility for their own learning and lives.

We encourage students to engage in the wider community through exposure to a variety of professions and organisations through our PHSEE and extra curricular programmes and our work with a broad range of external institutions. Our aim is for our students to leave us having fulfilled their academic potential but also having a clearer idea of and interest in the world around them so they become active, resilient and well informed citizens.

Welcome to Year 13

from Olivia Camillo
*Director of Sixth Form &
Deputy Headteacher*

Dear parents of Year 13, welcome back to the Sixth Form and the final year of your child's A Level studies. Year 13 is a crucial stage in their academic journey and the Sixth Form Team will continue to support, encourage and advise students in all aspects of it.

Year 13 is a short year, with public exams beginning 10 May 2027, this means students need to start the year primed and ready to put all their efforts into their studies to achieve your full potential.

Many students will be submitting university applications, and we will support them with this at all stages of the process. We very much look forward to working with Year 13 again, and I wish them all the best of luck with their continued A Level studies.

This booklet contains useful information about the key aspect of Year 13. There are numerous crucial dates scattered throughout the year such as deadlines for submission of UCAS, university exams and mock

exams. Please peruse the calendar included in this booklet with your child to make sure that no important dates get overlooked.

Broad outline of the assembly & PSHE programme

Our assembly and PSHE programme enables our students to become more socially aware, more able to navigate personal and sexual relationships, to better understand the importance of their own personal wellbeing, physically, mentally and digitally. By providing our students with the opportunity to learn about and discuss an eclectic range of topics and professions, we aim to not only educate, but also to inspire and motivate them.

For Year 13 the first part of the Autumn term is spent on looking at Higher Education and progression post-18.

Our assembly speakers deliver talks across a diverse range of topics, professions and industries and always include a question and answer session.

Our key PSHE categories are listed in the table opposite:

Higher Education & Careers programme

This year students will need to plan what they are going to do once they have completed their studies and exams. The school will work with all students and help them make informed decisions to help them achieve their goals.

To support them with this during Year 13 they will have the opportunity to:

- Search for universities and courses in the U.K. and abroad via Unifrog and other search engines such as UCAS
- Contact the UCAS & Progression Coordinator, Ms Bayley, for individual interviews
- Access the Careers section in the main library with assistance offered by the school librarian, Ms Kranwinkle
- Access the Sixth Form Careers Hub giving up to date information about a range of Higher Education or work opportunities, events and initiatives
- Receive UCAS support with personal statements and university choices from our UCAS Coordinator, Ms Bayley, in S12
- Attend tutorial time where there will be sessions on the UCAS application process, writing personal statement/student finance/life at university
- In September students will be given help with UCAS procedures from university admission tutors and postgraduate students

- Have mock interviews with subject specialists (for students applying to universities which give interviews)
- Discuss options with the careers coordinator and/or a professional careers advisor if they are not intending to enter Higher Education
- Access UCAS Extra from March, if students have had no offers from universities

By the end of Year 13

- Students will have a clear understanding of opportunities available after completion of their studies and exams
- Students who are not accepted by their chosen universities will receive help on how to access CLEARING and who to contact for help
- Students will have had the possibility to apply for paid work placements or internships
- Hopefully students will feel confident about facing life after Sixth Form!

Attendance

Attendance in lessons, assembly and tutor times is registered electronically by subject teachers and tutors. The tutor will follow up any absences.

If lateness or absence continues without authorisation the student will have an interview with their Head of Year and parents will be informed.

Persistent absence can be a reason for exclusion.

Punctuality

Students who are more than 10 minutes late will not be allowed into lessons as it is too disruptive. Late students will be given work and sent to the library or Sixth Form quiet study area to complete the work.

Students will be expected to return to their lesson five minutes before the end of the period to collect any homework set. Students will also have to attend an after school detention on the following Wednesday.

Persistent lateness can be a reason for exclusion.

Signing out during lesson time

Students who feel unwell and wish to go home or have an approved appointment during lesson time must sign out in the Sixth Form Office before leaving. (This is not only essential for our attendance procedure but is also a Health & Safety requirement in case of fire).

Students wanting to leave in the middle of the day due to illness will need to get permission from their Head of Year before signing out with the Attendance Officer.

Attendance & punctuality in the Sixth Form

In the event of an absence a phone call from the parent/guardian to the Sixth Form Attendance Officer (direct line: 020 7482 8206) with a message is required on the morning of absence. Alternatively, an email can be sent direct to the Attendance Officer on sixthformattendance@csg.school. Subsequent illness of five days needs to be validated by a medical certificate. Any persistent non-attendance may result in referral to the school nurse or even exclusion.

Attendance must be no less than **96%** in an academic year

Lessons are of vital importance as you work through the curriculum with your teachers and develop the skills necessary to perform well in the exams and in the coursework components. If you miss any of these you will have significant gaps in your learning. Tutor time and assemblies are mandatory and should not be missed as these are times when tutors track pupil progress and extend their learning beyond the confines of the curriculum. This means that hospital, dental, optician appointments, driving lessons and sessions to interview people for projects should not normally take place when lessons are timetabled. If you are going to be absent because of a visit or field study for other subjects then inform your other teachers. It is your responsibility to copy up notes, obtain work sheets and see whether work has been set.

The following are examples of reasons for absence which would be acceptable:

- Medical/hospital/dental appointment unable to be organised outside school time supported by an appointment card or letter
- University interviews supported with a letter or other evidence
- Interviews with proof
- Bereavement/funeral of family or close friend
- Work Experience arranged or agreed by school
- Court appearance, probation meeting or appointment with Connexions personal advisor
- Representing school/county/country at sport or other extra-curricular activity
- School planned or authorised trips
- Sitting external examinations
- Driving test
- Genuine disruption to the student's mode of transport with supporting evidence
- Infrequent/emergency care required for a member of the family or other person for whom the student has caring responsibilities
- Religious holiday (applied for in advance: limit 3 days in the academic year)
- National Union of Students official business
- Territorial Army or cadet events

The following reasons for absence would not be acceptable:

- Driving lessons
- Holidays taken during term-time
- Part-time job, including training associated with part-time job, which is not part of the student's course programme
- "Personal problems" unless supported by Pastoral Care Staff
- Non-emergency appointments
- Sleeping in or missing train/bus
- Family excursions, leisure activities, birthdays, etc.
- Minor aches and pains
- Working at home so missed tutor time/assembly/lesson
- Frequent care for sibling/relative, unless alternative arrangements made for continuing the curriculum
- **MUSIC FESTIVALS and other excursions should be strictly limited to holiday time**

A foreseen absence should be reported to the Sixth Form Attendance Officer. **Verification from a parent/guardian or an appointment card/letter is required to authorise any absence.**

Where an absence genuinely could not be foreseen in advance and a parent/guardian is unavailable, the student should make arrangements to notify the Attendance Officer as soon as possible on the day in question that they will be missing classes. **Students cannot self-certify an absence** unless they can provide an appointment card or letter.

The school will **not** automatically accept repeated sickness as a reason for authorised absence.

Student email

In line with the E-Safety Policy all emails to the student from the school or individual teachers will only be sent via the student's school email address.

Homework, messages etc. from students to teachers/school **must** only be sent from the student's school email.

It is imperative Students check their emails daily as they will receive a great deal of important information via Email. Ms Bayley, our UCAS Coordinator sends regular advice and reminders of deadlines to Students.

ParentPay

ParentPay's unique web application allows parents/carers to make secure online payments for all school charges, for example, school lunches, trips, extra-curricular lessons and enrichments, thus eliminating the need for students to carry money whilst at school. You will receive a ParentPay activation letter at the beginning of the Autumn term.

Lanyards

Sixth Form students are required to wear a lanyard with photo ID as part of our safeguarding practice. Any student who does not have their lanyard will be sent to the Sixth Form Admin Office to pick up a temporary one. If a student comes into school without a lanyard more than twice they will be sent home to collect it or offered a replacement for £5.

Communication

The only time that all students are in school together is in tutor time and assembly, periods 3 & 4 respectively on Mondays. The most effective way to send messages to sixth form students is via email and Google Classroom. Please encourage students to diligently check their messages on a daily basis. It is the school's main way of keeping the students informed of important academic or pastoral information.

We recommend that all students put an alert on their phones so as not to miss school email messages.
